RE: 2015 Accreditation Decision

At the Permanent Committee – Program for Mission and Ministry (PC-PMM) meeting, October 16 – 19, 2015, the recommendations for Camp Accreditations were received and approved. At this time, I am pleased to inform you that Rock Lake United Church Camp (BC) has been awarded **Full Accreditation**. The staff, volunteers and board are commended for their dedication and hard work. Accreditation is for a period of three years. Your next expected accreditation visit will be in 2018.

A copy of the accreditor's summary report is included with this letter. We hope that the comments of the accreditor will assist you in providing the best possible camping experience for our youth.

As part of the ongoing monitoring process, the camp is required to submit the annual reporting requirements, as identified in Section B – Governance and Accountability, #7 of The United Church of Canada Camping Standards Manual and continue to adhere to all standards. Please send completed reports to the Duty of Care desk within 30 days of your Annual Meeting.

As a United Church accredited camp, you are entitled to use the United Church of Canada accredited camping logo. If you wish an electronic version of the logo, please contact me directly and I will forward it to you.

On behalf of all who work with camps, congratulations on your achievements.

Yours truly,

Beverlea Oag, Program Co-ordinator
Duty of Care and Incorporated Ministries
