Our cancellation policy is as follows: All cancellations forfeit the one-half of the total rental received as a deposit and cancellations received after May 15th of the event year are still responsible to pay the full rental charge. The Rock Lake United Church Camp Society would waive this requirement if the Registrar is able to re-rent the camp for the time previously reserved for your group.

Capacity:

Provincial health and fire regulations set the capacity of the camp at a maximum of 70 people. Everyone at the camp, whether sleeping in cabins or trailers, including visitors, must be counted!

All buildings and equipment are to be left clean and ready for the next group. A pre- and post-inspection will be completed with each group. Garbage must be collected and placed in the dumpsters provided. Floors must be washed and rinsed in washrooms,

Drinking Water:

The Camp is on a Boil Water Advisory issued by Interior Health. Culligan water is provided for drinking & teeth brushing. Water must be boiled by the cooks for food preparation.

Fireworks are permitted if set off over the lake from the beach by a qualified starter. Notify the Camp Caretaker if you have planned a fireworks display so that the Campground can be advised.

Forestry restrictions pertaining to fire hazards and fire bans must be strictly observed. The Caretaker will post specific instructions with regards to fire restrictions and fire bans imposed by the Ministry of forests. Failure to follow these rules will result in immediate eviction.

Smoking is not permitted in the woods or in any building. Smoke only in designated areas within the camp and deposit butts only in safe receptacles. Remember camp policy discourages smoking in front of children. Candles are not allowed in camper cabins. Fire extinguishers are provided in the kitchen, dining hall, meeting hall, laundry room, and hospital. Please learn how to use them.

Kitchen:

The camp kitchen must be operated in accordance with Provincial regulations which stipulate that someone holding a current FoodSafe certificate must be in the kitchen whenever food is being prepared. The Health Inspector may show up unannounced and he/she has the right, indeed the duty, to shut down the camp kitchen if this regulation is not followed.

Medical Insurance:

Everyone at camp is responsible for their own medical bills and hospital charges. Groups coming to camp should ask each camper to supply their medical coverage and personal health care number. Each group is responsible for its own accident insurance coverage. We require that you issue a release form for all your participants absolving your group, your leaders, the Rock Lake United Church Camp Society, the United Church of Canada, B C Conference & the British Columbia Camping Association from responsibility for any accidents, injuries, illnesses, etc. while at camp.

Renters should ensure that the United Church of Canada, and the Rock Lake United Church Camp Society are listed as co-insurers under this coverage.
